SUMMER ENRICHMENT INTERNSHIP PROGRAM

2022

SEIZING THE MOMENT

A HISTORIC OPPORTUNITY

The New Mexico Public Education Department invested in summer learning and established a joint initiative with tribal and county governments, plus key nonprofit partners, to engage at-risk youth and high school students.

American Rescue Plan (ARP) funds from the Elementary and Secondary School Emergency Relief (ESSER) fund were allocated for two years to support paid Summer Enrichment Internships for students and at-risk youth statewide.

STRATEGY FOR SUCCESS

- Partner with counties, tribes, and key nonprofit partners across the state
- Provide paid summer internships for high-school students and at-risk youth
- Build infrastructure to expand work-based learning statewide
- Document and share stories...and build on successes
